

**SPECIAL EDITION: CREDIT TRANSFER AGREEMENT WITH THE UNIVERSITY OF
NEW BRUNSWICK!**

Welcome to this special issue of the Atlantic College of Therapeutic Massage News!
This exciting step in the development of the Atlantic College of Therapeutic Massage is one
which we wanted to share with our subscribers without delay.
The following Press Release has just now been distributed.

“The Atlantic College of Therapeutic Massage in Fredericton, New Brunswick is pleased
to announce the implementation of a credit transfer agreement with the Faculty of Kinesiology at
the University of New Brunswick.

Under the agreement, students who complete the 18 month program at the Atlantic
College of Therapeutic Massage will have the opportunity to enter the program leading to a
Bachelor of Science in Kinesiology degree at UNB, with approximately two years of transfer
credits. This will enable the students to obtain a BScKin degree after approximately two more
years of study at UNB.

Nadine Currie-Jackson, President of the Atlantic College of Therapeutic Massage, is
excited about this agreement. “We have worked closely with the UNB Faculty of Kinesiology to
ensure that our graduates have the education and training equivalent to 61 credit hours of the
degree program. This will be a natural progression for many of our graduates, to complete their
university degree in two years, following their course of studies at the Atlantic College”, states
Ms. Currie-Jackson.

Ms. Currie-Jackson, herself a graduate of the UNB Kinesiology program and a member
of the advisory committee to the Bachelor of Science Program in Kinesiology, has developed the
Atlantic College of Therapeutic Massage to meet the highest standards in the profession. Ms.
Currie-Jackson states; “We are not aware of any other school of massage therapy in Canada with
a credit transfer arrangement with a university. We truly appreciate the cooperation and
acceptance shown by the UNB Faculty of Kinesiology”.

The credit transfer agreement also works to the benefit of graduates with a Bachelor of
Science in Kinesiology. Such graduates are eligible to enter an accelerated program at the
Atlantic College of Therapeutic Massage, reducing their period of studies at the College from 18
months to 15 months.

The credit transfer agreement is an initial six year commitment between the University of
New Brunswick and the Atlantic College of Therapeutic Massage.”
